

Observation Notes: One Lesson

Fill in during the lesson, not afterwards from memory.

LEADERSHIP

BEFORE ANYTHING ELSE

If anyone could get hurt, get another adult.

Restraint and seclusion are not de-escalation tools. Imminent danger only, trained staff only. [NASP 2021]

Before you start

What did the teacher ask you to look for?

Their question, in their words.

During

What did students actually do?

Behaviour you saw, not what it suggests.

One thing worth repeating

What is deliberately not here

Any technique for you to walk the student through. That is treatment, and it is not your job here.
